Veerhealth Care Limited announces Intimation regarding execution & receipt of Export orders post USFDA approval which will be dispatched in 30 days

Mumbai – 22nd July 2025: Veerhealth Care Limited (BSE: VEERHEALTH), Ayuveer, backed by Veerhealth Care's expertise in Ayurveda, specializes in crafting ayurvedic medicines and oral care products with natural ingredients. With a focus on quality and affordability, Ayuveer aims to offer an exceptional and safe daily care experience to its customers.

The USFDA approval was received on 16th May, 2025 and commercial execution of orders has commenced by execution of 3 FCL shipments till date and now with the receipt of new orders from the customer which will be dispatched in 30 days, Company targets to dispatch 4 to 5 shipments on monthly basis to the US customer. This development is expected to contribute positively to the Company's revenues and presence in the regulated market.

The Company had already received prestigious USFDA clearance after successful inspection. Now the Company has started execution of export orders to its client in the US. The Company is in discussion with a major Russian corporate group in oral care segment for exports of oral care products to Russian market. Expected to enter Russian markets very soon.

Commenting on the achievement, Mr. Bhavin Shah - Managing Director of Veerhealth Care Limited, said, "I am delighted to share this milestone achievement with you. Securing a significant order from a USA client not only boosts the company's current standing but also enhances its reputation and visibility in the market. The Company is expected to get monthly repeat Export orders from this client of USA for its Oral Care category. It's a testament to the quality of our products or services. Building a strong relationship with this client could further lead to more opportunities and larger orders down the line.

We remain committed to delivering excellence and expanding our global footprint in the healthcare and personal care sector. **In F.Y. 2025-26 we are expecting Total Revenues of ₹ 35-40 crores with PAT of 10%.**

To meet the increased demand from both Domestic and Export clients, Company has started operating at Full capacity which will help in reducing the overall costs and boosting Total Income and PAT. **In coming Quarters, we expect to more than fully recover the reduction in Total Income and PAT caused by USFDA Inspection as Company has started dispatching for Exports.**

We are working aggressively towards business of manufacturing and exports of products under medical device category in the US. Company is expected to complete formalities pertaining to the medical device category with the USFDA.

Our ability to secure multiple high-value export orders, including those from top institutional suppliers, underscores the trust in our product quality and commitment to excellence. The expansion of our manufacturing footprint further reflects our proactive approach to meeting growing demand and enhancing our production capabilities. These achievements are a testament to our strategy and pave the way for sustained growth and value creation in the coming quarters."
